

RCEM 2009 River Coastal and Estuarine Morphodynamics, September 21 - 25, 2009

Date: September 21 to 25, 2009

Location: Santa Fe City, Argentina

Host: Universidad Nacional del Litoral (UNL)

Organizers:

- Ana Bacolla
- Aylén Carrasco
- Carlos M García, UNC (*)
- Daniel Farías (LAD - IAHR)
- Manuel Gallego
- Stefanía Monella
- Emiliano López
- Carina Palumbo
- Hugo Prendes
- Marta Pujol
- Carlos Ramonell
- Marcela Reynares
- Mario Schreider (FICH's Head)
- Ricardo Szupiany

Overview

The International Association on Hydraulic Engineering and Research (IAHR) and its Latin American Division (LAD), in association with the Water Science and Engineering Faculty of the Universidad Nacional del Litoral (UNL), are proud to announce the 6th Symposium on River, Coastal and Estuarine Morphodynamics, RCEM 2009.

This highly successful series of conferences has played a key role in promoting an interdisciplinary approach to river and coastal problems. The conference is unique in this emphasis on the intersection between basic research and engineering applications, blending aspects from fundamentals in fluid mechanics to laboratory

experiments and field studies in river and coastal morphodynamics.

The conference provides a stimulating forum for communication among applied mathematicians, engineers, geologists, ecologists, geomorphologists, biologists, computer scientists and water managers involved in the study of Earth surface processes.

The meeting will take place in the backyard of the Paraná River, one of the largest rivers in the world, providing a unique opportunity for observation of flow, sedimentation, ecology, biology and morphology in a "natural laboratory".

Call for Abstracts

See http://info.rcem.serfe.com/cf_abstracts.html for details.

Important Deadlines

16 Jan 2009	Abstract due
13 Feb 2009	Notification of acceptance
10 Apr 2009	Full papers due
15 May 2009	Deadline for early registration, and pre-conference activities
5 Jun 2009	Notification of presentation format (oral / poster)
12 Jun 2009	Deadline for payments for registration fee by authors
14/18 Sep 2009	Pre-conference activities
21/25 Sep 2009	RCEM2009 Symposium
