CSDMS currently has a total of 8 groups, which includes 5 Working Groups, and 3 Focus Research Groups. Within the Working Groups there are 3 Environmental (or Discipline) Working Groups and 2 Integrative Working Groups. The Groups meet once per year, coordinating much of their activity via remote communication systems. Chairs are on a 3 to 5 year rotating basis, vetted through the Steering Committee. Go to [organization/groups](#) to find out more about the tasks, or to join one or more CSDMS Group(s).

## Groups Area

The links below will guide you to the different group web sites. Each community has its own web site set up, such to pursue their goals the best.
