

Two-year position: Visiting Assistant Professor in Water Resources
Appointment Type: Non-regular Rank
Nicholas School of the Environment
Duke University

The Nicholas School of Environment is searching for a Visiting Assistant Professor in water resources, hydrology, or closely related discipline, to start August, 2016. This is a term position currently planned for at least two years. Responsibilities will include: 1) teaching three Master of Environmental Management water resources courses per year, 2) significant academic and career advising for professional Master's students, and 3) advising of required Master's projects. Specific courses will include hydrology, a water management course, and an additional course in the lecturer's area of expertise. Interaction with upper level undergraduate and Ph.D. students is also possible. Applicants must be available to teach in the 2016 fall semester, with start date flexible to allow preparation of courses. Professional experience outside academia is preferred, but not required.

Applications should include:

Cover Letter

Curriculum vitae

Writing Sample
